Question:

On page 4 of the Staff Gas Procurement Panel testimony, the Panel recommends a reduction in sharing of off system sales and non-migration capacity release from 80% customer/20% company to 85% customer/15% company.

Is Staff assuming that savings from local production will remain 80% customer/20% company?

Response:

Yes.

Case Nos. 09-E-0715, 09-G-0716, 09-E-0717 & 09-G-0718

NYSEG and RG&E - Electric and Gas Rates
