**Working together to deliver a more accessible clean energy model that promotes healthier, more sustainable communities every day.**

Our purpose reflects our commitment to transforming how we serve our customers by prioritizing the well-being of people and the conservation of the planet. It is inspired by and built on our three core values.

### Sustainable

We seek to be a model of inspiration for creating economic, social and environmental value in our communities, and we act positively to affect local development, generate employment, and give back to the community.

### Agile

We act efficiently and with passion to drive innovation and continuous improvement at both the local and global level.

### Collaborative

We work together toward a common purpose and mutual benefit while valuing each other and our differences.
