

Natural Gas Notification #: \_\_\_\_\_

# NYSEG Commitment Letter for Nonresidential Natural Gas Service

Dear Applicant,

Thank you for starting the process of obtaining natural gas service from NYSEG. To bring natural gas to your building, piping is installed in a trench approximately 18 to 24 inches deep that runs from the natural gas main in the street to your building. Upon completion, NYSEG restores the excavation by filling the trench with existing soil and raking. Final restoration of the trench from the property line to your structure, including paving, seeding, landscaping, additional raking, watering and any additional fill is your responsibility. Final restoration of the trench from the property line to the natural gas main in the public right of way is done by NYSEG. For new construction, the areas where piping will be located need to be within 6 inches of the final grade before the natural gas service can be installed.

## (A) EQUIPMENT INSTALLATION

Please list the equipment you intend to convert or connect to natural gas and whether it will be within 3 months of gas service being installed at the address below or if you plan on installing the equipment in 1 to 3 years.

Equipment Description	Input Rating	Number of Units	Estimated Annual Therms	Estimated Installation Date
				<input type="radio"/> within 3 months <input type="radio"/> 1-3 years
				<input type="radio"/> within 3 months <input type="radio"/> 1-3 years
				<input type="radio"/> within 3 months <input type="radio"/> 1-3 years
				<input type="radio"/> within 3 months <input type="radio"/> 1-3 years
				<input type="radio"/> within 3 months <input type="radio"/> 1-3 years

## (B) SERVICE INSTALLATION

Please check the box that applies:

- ☐ I am ready for natural gas service and wish to have the service installed as soon as possible once all other requirements, permits, etc. have been satisfied. (This form must be received before NYSEG can apply for any necessary permits.)
- ☐ I am not ready for service now but would like to schedule the natural gas service to be installed on or before \_\_\_\_\_.  
(Date service desired)

## PLEASE READ THIS SECTION CAREFULLY AND COMPLETELY

I agree in signing below to the following:

- I will complete installation/conversion of my equipment, listed in section A (above) within 3 months from the date said service is installed by NYSEG. I understand that if I do not, I will pay the full cost incurred by NYSEG for the installation of this service.
- NYSEG has no responsibility for my natural gas appliances and related natural gas equipment such as interior piping and fittings that I, my contractor or builder have installed or will install in the future, and I agree to take full and complete responsibility for my natural gas appliances and other natural gas equipment such as interior piping and fittings.
- I will install/cause to install and test all natural gas appliances and related natural gas equipment in accordance with the latest editions of all applicable codes and manufacturer's requirements.
- NYSEG will only walk through and visually inspect my premises for the following non-standard conditions that appear in plain view: (1) improper use of piping materials, (2) missing or improper venting system, (3) inadequate appliance air supply and (4) inadequate clearances to combustibles. NYSEG will not perform any other inspection activity or test or light pilot lights on my appliances. I agree I will cause my contractor to perform an air pressure test on the gas lines to ensure the lines are completely sealed and to otherwise make the premises ready and able to take natural gas service in accordance with all applicable codes.
