Residential Rebate Program Qualifying Equipment List

Rebates are available to NYSEG and RG&E residential natural gas and electric customers for installing high efficiency HVAC equipment.

High-Efficiency Natural Gas Equipment	Rebate
Water Boiler AFUE ≥ 94	\$250
Furnace AFUE ≥ 96 with ECM	\$150
ENERGY STAR® certified Natural Gas Clothes Dryer	\$50
Furnace Tune-Up ¹	\$50
Boiler Tune-Up	\$50

High-Efficiency Natural Gas or Electric Equipment	Rebate
Wi-Fi Thermostat ²	\$75

AFUE = Annual Fuel Utilization Efficiency | ECM = Electronically Controlled Fan Motor | UEF = Uniform Energy Factor

¹ Existing natural gas furnaces and boilers only. Limited to one rebate every five years.

² Contractor-installed or self-installed, must control a natural gas heating and/or central air conditioning system. Qualifying Wi-Fi thermostats include thermostats connected through Wi-Fi, cellular frequency or alarm systems.

To be eligible for rebates, natural gas furnaces, boilers, and natural gas dryers must be Air Conditioning, Heating and Refrigeration Institute (AHRI) or ENERGY STAR® certified and meet the minimum efficiency standard requirements listed above.

All eligible equipment (except Wi-Fi thermostats) must be installed by a licensed contractor or a contractor who has provided you with either a Federal ID (tax) number or a Certificate of Insurance.

Rebate offerings change periodically, rebates will be paid based upon the rebate in effect at date of installation.

Rebate applications can be filled out online at [nyseg.com](https://www.nyseg.com) or [rge.com](https://www.rge.com) under the [Residential Rebate Program](#) page.

To ensure customers receive the proper rebate they are entitled to, please be sure you are visiting the NYSEG and RG&E websites periodically for the most current application. Our new application features an expiration date for reference.
