TERMS OF PAYMENT:

All bills are rendered at the above "unit prices" and that amount is due on bills paid on or before the "past due" date indicated on the bill. A late payment charge at the rate of 1½% per month shall be billed on all amounts not paid by that date. (Further details can be found in Section 8 of P.S.C. No. 90 Gas, or superseding issues thereof.)

TERMS:

The term that a customer may be on this service classification is one year with one-year renewals thereafter. Renewals shall only be provided if the customer maintains at least a 50% load factor unless there are mitigating circumstances as determined by the Company. The Company shall review the customer usage annually beginning with the anniversary of the operation of the customer's DG unit and advise the customer if the load factor falls below 50%. The load factor shall be calculated using the customer's actual annual usage for the preceding 12 month period and an estimate of customer's peak day usage based on the DG unit and appliances in service. If the load factor falls below 50%, the customer shall be removed from this rate for a period of 12 months, after which time they may reapply, provided they have achieved a 50% load factor over the 12-month period while not receiving service pursuant to this service classification.

SPECIAL PROVISION:

A. Budget Billing:

Customers may, by signing an application, be billed monthly in accordance with the plan set forth in Section 8.Q. of PSC No. 90 Gas, or superseding issues thereof.
