

Compatible Electric Vehicles and EV Chargers

To participate in OptimizEV, we need to be able to connect to either your Electric Vehicle (EV) or EV charger. In the Advanced Tier, we need to be able to actively manage your EV charging, which requires a higher level of integration. Please refer to the list below to make sure we have the capability of connecting to your EV or EV charger and what level of integration is possible.

Compatible EV Chargers

Charger Make	Charger Model	Eligible Tier	
	Charger Model	Baseline	Advanced
AIII AI	MaxiCharger AC Elite	√	√
	MaxiCharger AC Lite	√	√
ChargePoint	All Home Flex Models	√	√
Emporia	Level 2 EV Charger	√	√
GrizzI-E	Ultimate 48A	√	√
GHZZI-L	Ultimate 80A	√	√
Tesla	Wall Connector	√	√
Wallbox	Pulsar Plus	√	√

Compatible EVs

Please note: some vehicle manufacturers require a subscription to utilize the telematics capabilities of the vehicle. Participants should be aware of these fees before enrolling through this pathway.

The equipment will differ depending on charger models, software, costs, and manufacturer details. Neither New York State Electric & Gas nor Rochester Gas and Electric offer preferences or recommendations for any of the approved equipment models or EV models. Program participants are responsible for determining the suitability of these products and services.
