

Get rebates for facility and equipment upgrades

Our **Commercial and Industrial Rebate Program** is designed to help your business save energy and money by offering rebates to make projects more affordable and shorten payback periods. Upgrading to newer energy-efficient equipment can reduce operational costs and enhance the reliability, safety, comfort and appearance of your business. Rebates are available for **retrofits, add-ons, major renovation and new construction** projects.

Prescriptive Rebates

Here are some common upgrades that qualify for rebates through the Commercial and Industrial Rebate Program:

Lighting

- Interior and exterior LED lamps and fixtures
- Lighting controls

HVAC & Plumbing

- Steam traps and steam trap surveys
- Pipe Insulation
- Unitary HVAC, split systems
- Boilers, furnaces and unit heaters
- Infrared heaters
- Water heaters
- Controls – DCV, thermostats, boiler reset
- Energy management system - guest room
- VFD's for fans and pumps
- Tune-ups – boilers and chillers

Process Systems

- Compressed air – VSD compressors, air dryers, zero-loss drains

Kitchen Equipment & Refrigeration

- Ovens
- Insulated holding cabinets
- Fryers
- Griddles
- Steamers
- Ice-makers
- Dishwashers
- Cooler and freezer door strips
- EC motors for refrigeration
- Controls – evaporator fan, anti-condensation

Custom Rebates

Is the energy-saving upgrade you're considering not listed above? If your project saves energy, we're interested! Examples of equipment that may qualify for a custom rebate include, but are not limited to:

- Chiller plant optimization
- Dedicated outdoor air systems
- Lighting and lighting controls (non-prescriptive)
- Laundry equipment
- Combined heat and power (CHP)
- Refrigeration system improvements
- Process related equipment
- Heat recovery
- Snow-making equipment
- Greenhouses and agricultural projects

NOTE: All applications for custom measures require pre-approval prior to the purchase or installation of the equipment.

For a complete list of eligible upgrades, view our rebate catalogs at nyseg.com/cirp or rge.com/cirp.

NOTE: Prescriptive rebates greater than \$10,000 require pre-approval prior to the purchase or installation of equipment.

We'll pay up to
50%
of your project cost

Have questions about a project you're considering? Contact the Commercial and Industrial Rebate Program Team at **1.888.316.8023** or **cienergysavings@franklinenergy.com**.

Your Simple Steps to Saving

Check for Eligibility

Before you begin, confirm that your business is a NYSEG or RG&E commercial or industrial customer that pays the System Benefits Charge (SBC) on your utility bill.

Visit our Website

Visit **nyseg.com/cirp** or **rge.com/cirp** for a list of available rebates and all program resources.

Find a Trade Ally

Select a registered trade ally to work with by visiting **nyseg.com/findatradeally** or **rge.com/findatradeally**. Registered trade allies are experts in the program and can help you through the rebate process.

Identify Project Type

Together with your trade ally, determine if your project qualifies for a **prescriptive or custom rebate** and the pre-approval requirements for your project.

Install the Equipment

Complete your energy-saving upgrade.

Apply for Your Rebate

Submit your completed application within 90 days of the project's completion.

Start Saving and Get Paid

Receive your rebate check and start saving energy!

Ready to get started? Contact a registered trade ally today!
