

NYSEG/RGE Transformer Upgrade Projects

Substation	Company	Existing Transformer Size (MVA)	New Transformer Size (MVA)	Total Calculated Available Hosting Capacity (MVA)
Dingle Ridge	NYSEG	5	22.4	16.8
Hillcrest	NYSEG	12	22	16.5

This list represents substation transformer upgrade projects that are projected to be completed within 24 months. The total calculated available hosting capacity reflects existing interconnected generation
