

Smart meter installation schedule

Smart meter installations began in November 2022, and we expect to complete installations in 2025. Deployment schedules by service area may change. You'll receive information about your installation as we get closer to installations in your community. Use our new lookup tool at nyseg.com/smartmetermap to search by your address and find out when your meters will be upgraded.

Upgrades beginning

	Auburn — November 2024		Lancaster — January 2024
