We are **working together** to deliver a more accessible **clean energy model** that promotes healthier, more **sustainable communities** every day.

Our purpose reflects our commitment to transforming how we serve our customers by prioritizing the well-being of people and the conservation of the planet. It is inspired by and built on our three core values:

SUSTAINABLE: We seek to be a model of inspiration for creating economic, social and environmental value in our communities, and we act positively to effect local development, generate employment and give back to the community.

AGILE: We act efficiently and with passion to drive innovation and continuous improvement at both the local and global level.

COLLABORATIVE: We work together toward a common purpose and mutual benefit while valuing each other and our differences.
