Model Number		Serial Number	
		Install Date	

### General terms and conditions

- The customer verifies that he or she has not received any other incentives from any state programs for the same equipment for which a rebate is being requested in this form.
- Information sharing with NYS DPS and NYSEERDA: Customer of NYSEG or RG&E agrees and authorizes the utility's sharing of the participant-customer's information and/or project-level information with New York State Department of Public Service Staff and NYSEERDA, including its agents or authorized representatives, consistent with NYSEERDA's New York State Public Service Commission and statutorily authorized responsibilities, including, but not limited to supporting market development initiatives, and other evaluation and measurement activities. (For clarity, the term "project level" includes the information based on the scope of the project, including, but not limited to, aggregated and anonymized whole building, building or subsets of the project.)
- Equipment and services must be purchased after January 1, 2026. Rebate payments will be based on the equipment purchase date.
- This heat pump water heater rebate is exclusively available to residential electric customers of NYSEG and RG&E.
- It is the responsibility of the customer to ensure that all requirements for the rebate are met and that all required documentation is provided.
- Failure to provide any of the required information will prevent processing of the application.
- The customer understands that he or she may be contacted in the future by NYSEG and RG&E or their designees to evaluate his or her experience with this program via survey or questionnaire to provide feedback and to verify installation through an on-site inspection. Program procedures, requirements and rebate levels are subject to change or cancellation without notice.
- One rebate check will be issued to the applicant for each approved and completed application.
- NYSEG and RG&E assume no responsibility for the performance of the equipment and equipment warranty, the quality of the work, labor and/or materials supplied.

By submitting this application, the customer agrees to the terms and conditions of this document. The customer hereby consents to the utilization and release of his or her energy consumption data and usage by NYSEG and RG&E and/or their designees, including program administrators and evaluation contractors. These administrators and contractors are obligated to NYSEG and RG&E to keep customer information confidential. The release and usage of data will be only for program evaluation, program eligibility determination, energy savings purposes and analysis and will be kept confidential. Additional copies of this form are available on [nyseg.com/heatpumps](http://nyseg.com/heatpumps) or [rge.com/heatpumps](http://rge.com/heatpumps).
