## **SERVICE CLASSIFICATION NO. 15**

### **BASIC ELECTRIC GENERATION TRANSPORTATION SERVICE**

#### **APPLICABLE TO THE USE OF SERVICE FOR:**

Basic Transportation Service to any new or existing dual-fuel electric generating facility with generating capacity of at least 5 Megawatts (MW). that has executed a Transportation Service Agreement with the Company for a term of not less than five (5) years. Service under this service classification is available throughout the Company's service territory to which this Schedule applies.

#### **CHARACTER OF SERVICE:**

Transportation of Customer-owned, pipeline quality natural gas will be on a limited firm basis, subject to a maximum of 30-days interruption during any twelve-month period, from a receipt point within the Company's service territory to which this Schedule applies to the facilities at the Customer's delivery point, as specified in the Customer's Transportation Service Agreement. The Company will control the dispatch of such gas, and dispatch will be provided as requested by the Customer, in accordance with General Information 4.C. of this Schedule, provided, however, that acceptance of the Customer's application will be conditioned on the availability of the Company's system capacity.

Gas service provided hereunder shall be daily metered and billed separately from gas service provided under any other service classification of the Company.

#### **GENERAL INFORMATION:**

Upon receipt of request for service by a customer, the Company shall file delivery rates on a Statement of Rate - Interruptible Transportation for Electric Generators.

#### **SERVICE AGREEMENT:**

The Company and the Customer shall execute a Transportation Service Agreement in advance of the initiation of transportation service under this service classification.

**BASIC ELECTRIC GENERATION TRANSPORTATION SERVICE**

**TERMS OF PAYMENT:**

Billing and payment for service provided under this service classification shall be in accordance with General Information Section 4.N. of this Schedule.

**TERM:**

The initial term and any renewal provisions shall be as provided for within the Transportation Service Agreement, but with an initial term of not less than five years.

**ALLOWANCE FOR LOSSES:**

In all Pooling Areas the Customer shall provide the Company with a quantity of gas equal to 1% of the amount of Customer-owned gas received by the Company as an allowance for losses incurred in the process of delivery.

**SPECIAL PROVISIONS - ALL CUSTOMERS:**

- A. All service provided under this transportation service classification shall be subject to interruption and curtailment, at the Company's sole discretion, in accordance with General Information Section 8 of this Schedule. Customers that fail to comply with a notification to interrupt shall pay a charge, in addition to all other prices and charges payable by said Customer, of \$2.50 per therm for all quantities consumed in violation of the notification, as determined by the Company.
- B. Customer's equipment supplied hereunder should have an alternative source of fuel, however this requirement may be waived by written permission of the Company. The Company reserves the right to conduct an onsite inspection of the Customer's alternate fuel facilities at any time to determine whether the equipment is properly installed, maintained, functioning and capable of serving the Customer's energy requirements at a level equivalent to that of the natural gas provided under this service classification. Equipment supplied under this service classification, may be transferred to an applicable firm service classification with the written permission of the Company. However, any such equipment can not be resupplied under an interruptible service classification prior to the elapse of a minimum period of one year.

**BASIC ELECTRIC GENERATION TRANSPORTATION**

**SPECIAL PROVISIONS - ALL CUSTOMERS: (CONT'D)**

- C. The level of interruptibility can be higher than thirty (30) days where the Company's system cannot reliably provide three hundred thirty-five (335) days of firm transportation service.
- D. Customers taking service hereunder shall be required to pay for the service line, all measuring and regulating equipment, system reinforcements, and any other appurtenant facilities necessary to initiate service.
- E. This service is subject to the Company's right to purchase from the Customer pipeline capacity and/or supply, hereinafter referred to as Buyback, if so specified in the Transportation Service Agreement, for the purpose of providing sales service to the Company's existing customers. If Buyback rights are agreed to between the Company and the Customer, Buyback will be on an hourly basis and will not exceed the number of hours specified in the Transportation Service Agreement.
- F. Customers taking service hereunder in the Columbia Pooling Area shall be required to be in a separate Pool due to the difference in loss factors for Customers taking service under this service classification and those taking service under all other classifications.
- G. A Customer may be able to receive negotiated transportation service under Service Classification No. 7 of this Schedule where 1) the Customer desires services other than the basic tariff service contained under this service classification; or 2) the threat of system bypass justifies negotiated rates. Negotiated rates and terms for service otherwise provided under this service classification will be filed with the PSC, and available to similarly situated customers. Furthermore, negotiated contracts are not available to generation facilities of a Company affiliate.

**SPECIAL PROVISIONS - DISTILLATE FUEL CUSTOMERS:**

- A. A Distillate Fuel Customer is a Customer that uses No. 2 fuel oil, diesel or kerosene.

**SPECIAL PROVISIONS - DISTILLATE FUEL CUSTOMERS: (CONT'D)**

- B. On November 1 of each year, a Distillate Fuel Customer meeting the alternate fuel requirement, as set forth in this service classification, is required to have an adequate supply of distillate fuel on-hand. A distillate fuel supply shall be considered on-hand and adequate if the supply is either: (a) on-site and sufficient to meet a minimum of ten (10) consecutive days requirements; or (b) if Customers physical facilities are insufficient to provide for a ten (10) day supply, then the Customer must: (i) have a full distillate fuel tank(s); and (ii) provide verification, to the Company's satisfaction, of alternative fuel supplies, other than spot market purchase of distillate fuel that, in combination with (a), provides for a ten (10) day supply.
- C. The Company shall have the right at any time to inspect Customer's physical facilities to determine compliance with Special Provisions - Distillate Fuel Customers (Section B). A Customer that refuses to permit the Company to inspect its facilities shall have one (1) Business Day to allow the Company to perform its inspection. If the Customer does not allow the Company to perform its inspection in the allotted time period, the Customer will be charged a premium as set forth in the "Price" section of this service classification. The premium will be in addition to all other applicable prices and charges and will be applied until such time as the facilities are inspected and found to be compliant.
- D. Customer's that fail to comply with the requirements of Special Provisions - Distillate Fuel Customers (Section B) will be assessed a premium as detailed in the "Price" section of this service classification.

A Customer will be considered in non-compliance if:

- (a) the Customer refuses to allow the Company to inspect its facilities; or
- (b) the Company inspects the Customer's facilities and determines that the Customer has failed to comply with Special Provisions - Distillate Fuel Customers (Section B); or
- (c) the Customer fails to comply when the Company provides notification, as set forth in Special Provisions - All Customers (Section A).
